Dear Sir,

With reference to your D. O. letter No. L. 2445/L.B. 62-26-17 dated the 2nd Instant re: preparation of electoral rolls for election to District Board from general constituencies, I write to state that occupied agricultural - - lands which though, according to revenue survey accounts, belong to Municipal Towns, are situated outside the Municipal limits are being treated by me as situated in the general constituency ~~and~~ individuals paying kandaya on such lands being considered as eligible to vote. The list of voters is being revised accordingly. I believe I have interpreted the rule correctly.

Very sincerely yours,
S. Venkatarangam

Two points arise for consideration with reference to the letter of the D.C.:

The land in question though being situated outside the limits of the Municipality as the D.C. says, it must be taken into consideration in preparing the list of voters

2 The person who is to be included in the list of voters is not any person who pays Kandayam as the D.C. says but the registered occupant of that land (Sch I.(i)) of the Regn of 1894)
